

LELLO ENGINEERING PTY LTD

QUALITY SAFETY AND ENVIRONMENT POLICY

POLICY STATEMENT

Hildabuilt / Lello Engineers is committed to delivering industry leading safety, environmental and quality standards throughout our operations.

This commitment will ensure that:

- The elimination of work related injury and illness is the first priority in all of our operations.
- Our activities will not have any detrimental influence on the environment or the community.
- Our commitment to ISO9001 quality system will consistently provide a standard of product and service that meets or exceeds our client's requirements.

Our people will pursue our commitment to these standards co-operatively and constructively, through all of our business relationships. Through our pro-active and integrated approach to developing, implementing, documenting and maintaining a progressive management system, we shall:

- Instinctively identify, assess and control our workplace personal, environmental and quality risks.
- Comply with, or exceed the requirements of applicable legislation, industry codes of practice, government initiatives and our own procedures.
- Employ, motivate, train, and skill our people to apply our QSE policy and procedures.
- Implement initiatives that support sustainable value.
- Prevent pollution entering the environment.

This policy, driven by senior management, establishes a framework for a management approach based on consultation / communication and the establishment of objectives and targets designed to promote continual improvement and ensure the effectiveness of our practices and performance.

This policy will be communicated to all employees and made available to any interested parties.

Our success will be driven by the value we bring to our projects. It will be our commitment to ensure that this policy is in a co-operative work environment on all of our work sites.

Policy to be fully implemented by 27/1/16 Policy to be reviewed on or by 27/1/17
